

HydroCap[™] Series

HydroCap[™] dispensing and foaming systems offer a low-cost, portable means of accurately diluting concentrated cleaning products for use in buckets, bottles, auto scrubbers, sinks, tanks and other containers, or for creating a thick foam that clings to any surface for prolonged foam cleaning.

Both systems offer a great method of portable cleaning and come complete with virtually everything you need to make them the most user-friendly units you've ever seen. And of course, at a low cost!

Model 5804

Features and Benefits

- ▲ Mobile: Take them anywhere! You don't need a wall or a cart – they go anywhere you can find water and carry your chemical container!
- ▲ Low Cost: Even with all of their features, they fit any budget!
- ▲ Fit virtually any container: The HydroCap series fits a 38mm cap, the standard for 1gallon, 5 litre, 2 litre, and other containers. And they're flexible enough to use with virtually any cap - you supply us the cap and we can assemble a model for you (minimums apply).
- ▲ HydroCap proportioning systems come in 1 GPM, 4 GPM, and 9 GPM models. Perfect for filling spray bottles, buckets, auto scrubbers, sinks, tanks, or practically any other container you can think of! The HydroCap Foamer comes with heavy duty brass quick connects and easily turns your chemical container into an effective foaming system.

Accessories Included For Easy Use

Model 5822

- ▲ HydroCap Proportioning and Foaming Systems come with an on/off valve to allow you to shut off the unit at hose end, not back at the water source, making it easy and quick for you to fill multiple containers. (The HydroCap Foamer has a trigger nozzle control)
- ▲ Metal right-angle bracket to allow you to hang the proportioner and chemical bottle over the side of the bucket or auto scrubber when filling very convenient. (HydroCap only)
- ▲ Molded right-angle bracket to bend discharge tubing for easy filling of bottles, buckets or other containers. (HydroCap only)
- ▲ Male and female quick-connects to make it easy to attach to a water hose, saving you time and money.
- ▲ 14 metering tips to give you a wide range of dilution options to meet almost every need! (Additional tips available for leaner dilutions).

Use It Anywhere

There's an application for the HydroCap proportioner or foamer in almost every cleaning environment.
