

ParlorMaster

Flexible, On-Demand Dispensing

The ParlorMaster is designed to provide the flexibility to dispense properly diluted chemicals at the dilution rate that works best for your application. The ParlorMaster is perfect for udder health applications.

The ParlorMaster contains a 3/4 gallon reservoir holding tank to provide “on-demand” dispensing without wasting product. The ParlorMaster can be used to spray, foam, and fill teat dip containers in your parlor.

The ParlorMaster uses Hydro’s patented Venturi technology to accurately dilute your concentrated chemicals.

- Durable molded construction
- Lightweight
- Constructed with chemically compatible materials
- Configurable to handle one or two different chemicals
- Adjusts to handle multiple dilution rates

| Model | Educator | Activation | Flow Rate | Injection Rate |
|---------|----------|---------------|-----------|----------------|
| SPF0009 | E-Gap | Remote Nozzle | 1.1 GPM | 640:1 - 3:1 |
