

Touchless Dispenser

Automatic Hand Soap and Sanitizer Dispenser

Hand hygiene is more important than ever to prevent the spread of infections. For this reason, Hydro has now added an automatic, touchless hand soap and sanitizer dispenser to its robust product offering. The dispenser's sleek design allows facilities to make a good impression on guests and employees while promoting hand hygiene for everyone in various locations throughout.

- Refillable, 1-liter reservoir
- Operates via 4 "C" cell batteries or with a plug-in DC power supply
- On/off switch to prevent accidental dispenses during refill
- Easy to mount with included double sided tape
- Available in skid quantities that contain 16 cases of 15 units each (240 units total)
